## JUDY ALEXANDER #010143 EDUCATION

At five years old Judy decided to be a missionary. To her, being a missionary was the way to be in full time service for God. God led in other directions mostly involving teaching. She has taught at every level from children and adults to children with dis-

abilities, and in every setting, at home, church, and in public schools. Judy also served in partnership with her husband in cross-cultural ministries in the U.S. helping the church grow, and raising their children.

After the death of her husband, Judy was reminded

of the call to missions. The Lord used this time to bring Christ College into her life. At Christ College in Taiwan she can combine her desire to share the gospel with teaching phonetics and literature. She loves living on campus and having students in her home.
